

## CUTTING / WRAPPING COSTS AND RULES FOR 2024

**DATES** – The slot date is your kill date – the houses let the meat hang 7-14 days before cutting. Your responsibility is to pick up the meat within **5 days** of cutting (they will contact you). You can understand the need for freezer space – your help in meeting this deadline goes a long way in helping us manage these slots!!

Our concept is that buyer will pay processing directly to the slaughter when you pick up your beef. Payment for the beef itself is made directly to “Dusty Lane Farms” at 1277 Dyewood Rd SW, Carrollton, Oh 44615.

**BEEF PRICE** - Simply the hanging weight of your purchase times the price per lb. – for example, using current price, a 345 lb. half at \$3.00 would be \$1035.
